### **\*Conditions\***

All attendees must be from and work in the school using the "Whole School Rate". An accurate and complete list of all attendees must be received no later than January 24th, 2008. **The special "Whole School Rate" is based on total number of professional educators working within one school and not the actual number of staff that attend the conference.**

### **\*Consequences\***

Failure to comply with these conditions will constitute grounds for an "up-charge" equal to the individual "early rate", multiplied by the number of actual attendees. Using the "Whole School Rate" registration process indicates agreement and compliance with the stated conditions.
