

BECOME AN ANNUAL CONFERENCE SPONSOR

NELMS is a non-profit dedicated to supporting middle schools and middle school educators. We are in our 51st year of helping middle schools educate and develop their young adolescents.

Think back to your middle school experience; they are some of the most formative years of our lives. **Help us help schools** as they put programs and best practices in place!

Our **NELMS Annual Conference** is March 19-20 in Springfield, MA. 400-500 educators will get together to learn, collaborate, and make connections in this important work.
